

EYE CLEAN

CODE	DESCRIPTION	IMAGE
E1 – EYE CLEAN	Diamond that has no inclusion visible to the naked eye. We describe it in clarity grade SI1 and down. Stones having clarity VS2 and above always falls in this criteria.	
E2 – SEMI EYE CLEAN	These diamonds have inclusions which are visible to trained naked eyes as compared to Eye Clean diamonds.	

These ratings are dependent on the maximum inclusions for every diamond in each clarity grade and visible with naked eye.
